

YOWAGEDDON

RoadMap

The Yowageddon NFT project is designed to be one of the first major 'Blue Chip' projects coming out of 'The Land Down Under'.

We are aware that this early in the ever growing and evolving NFT-Game that there are plenty of projects out there promising the world, to take us all to the moon. Whether they will or not remains to be seen – taking that into account we have attempted to offer up what we can deliver, although it is eventually the YOWIECLUB Members that help make up our Road Map.

Q1 2022 Confirm YOWIE Base design. Create first round of eyes, mouths and accessories. Launch Social Media & Begin collecting a following for AussieNFTs & YOWAGEDDON	
	Q2 2022 Release First 1000 GENESIS Yowies. Begin Design process on unique YOWAGEDDON accessories. Begin custom skinning of Slot Machine APP Game. Release Final 1000 GENESIS Yowies.
Q3 2022 Design & Release AussieNFTs.io website – aimed to be market leader in Crypto news directed towards Australian audience. Design & Release YOWAGEDDON Public Release - Featuring unique accessories (hats/clothing). - Featuring unique facial features (eyes/mouth).	

GENESIS COLLECTION

AussieNFTs.io – the creators behind the YOWAGEDDON project – have created a total of 2000 Genesis Yowie characters to be released before a more ‘pristine’ final product scheduled for a public release near the beginning of Quarter Three of 2022.

By this time custom created accessories, including hats, other headwear, hoodies, t-shirts, and many other accessories would have been created to ensure that the final product offered to the public will not only be highly desired but cementing its position as the premier Blue-Chip project to come from our shores.

Which must have you wondering – why purchase a Genesis Collection Yowie now, rather than wait and have a ‘completed’ NFT come Quarter 3?

This is why AussieNFTs.io have come up with the following perks specifically for GENESIS YowieClub Members.

By simply purchasing just ONE Yowie through our Yowageddon Genesis project and you will receive:

- 1/2000th (per YOWIE) of slot machine App Game profits.
- 1/2000th (per YOWIE) proceeds from AussieNFTs.io website (marketing, advertising and fees).
- 1/2000th (per YOWIE) of Profits from YOWAGEDDON shirts (same as NFT Accessories).

Upon the website being launched in Q3 of 2022 a special BURN feature will be introduced in which you will be able to effectively ‘DELETE’ your Genesis NFT. This will result in the NFT being removed from your account and destroyed – in return for doing so you will be paid out in MATIC for your share (1/2000th per YOWIE) of the accumulated pool of proceeds from the App Game, AussieNFTs.io website, Shirt profits and any future projects that may contribute to the overall fund pool.
